88455: King DROPS DB20 Tandem Axle Drawbar trailer

Direct Sales

Body Type:	ISO Container Trailer
Tyre Size:	265/70R 19.5
Date In Service:	1992
Condition From:	Excellent

Just released from the UK MoD in very good condition, King Skeletal / DROPS container trailers. These trailers are built to extremely high specification for military logistics operations and very adaptable to civilian use for either transporting 20ft containers or carrying cargo when equipped with a flat rack.
They add additional flexibility to the DAF or Foden DROPS vehicles when bought together as a package and can be stacked for shipping on the rear of one of the DROPS vehicles to reduce costs.
They feature:
20ft ISO twist locks
16500kg Cargo capacity
Skeletal construction
Integrated gathering in guilds for easy use
Air Brakes
ABS brakes
Shunt Valve
Spare tyre
Side storage lockers
Spring loaded drawbar for ease of use
Rear hitch to enable road train
Dimensions:
Length: 7.73m
Width: 2.49m
Wheelbase   4.71m
Weight: 20,340kg GTW
                          10,170kg (axle)
                           3,380kg (Tare)

For vehicles to accompany the trailers, please view the DROPS units featured here:
http://www.mod-sales.com/direct/vehicles/,26,55,/8_x_8.htm
Please Note: Flat racks are not included, but available separately.
