4x4 Truck with Hydraulic Winch for Sale
The DAF 4x4 Truck is the primary cargo and logistics vehicle of the British Armed forces. The Vehicle has a cargo capacity of 5000kg and is able to accommodate a range of specialist stores such as NATO pallets, containers, fuel pods or seating for 20 fully equipped troops. This variant is equipped with the Reynolds Boughton centre mounted hydraulic winch. The winch rope can be reeved to the front or the rear of the vehicle and is operated by PTO, being controlled from the drivers position. There is a rope pre tension setting and the system is extremely capable, having a straight line pull of 5500kg and is equipped with 75m of cable.
