

## 28557: 3/4 TON, MK3, DISC BRAKE, SANKEY TRAILER, EX-MILITARY

### Auction

End date: 10.02.10 19:03pm

You are bidding on an ex military, Widetrack Sankey ¾ ton, MK111 trailer. This has come direct from the military transport unit. It is fitted with 6.50x 16 tyres, front jockey wheel and 2 rear levelling stands. The drawbar has the standard Nato hitch, over-run DISC brakes and a separate handbrake. Suspension is comprised of two semi-elliptic springs with shock absorber dampers. It is designed to carry up to ¾ of a ton, empty it weighs 373kg. Witham can supply spare wheels from stock, at extra cost. The total length of the unit is 9ft 2inches. Total width 5ft 6inches. Level height from ground 3ft 10inches. Internal length of "tub" 6ft. Internal width of "tub" 5ft 3inches. Width between wheel arches 3ft 6inches. Ideal towing hitch height 16-18inches. Please note that may have 24volt electrics fitted. If you are to tow it away, you will need a lighting board and the correct tow hitch compatible with the Nato unit. We can supply from stock the compatible hitch for the tow vehicle at £75.00 plus vat. These hitches are attached with four bolts. This trailer is sold without being checked by our workshop and we have not checked the braking system. This should be verified by the purchaser prior to use, and is your total responsibility. This is direct from the MoD and does not have any warranty, expressed or implied. Vat will be added to the final bid price at the current rate. Note; by bidding, you are entering a legally enforced contract to purchase. We are unable to cancel a sale if you have won the auction. If you are not sure, please do not bid.
