Dimensions: Weight (empty) 6 t Maximum load 5t Length 6.65 m Width 2.49 m Height 3.34 m
The DAF T244 can tow trailers with a maximum weight of 5400 kg and features a cargo body with a removable tailgate and dropsides. Cab accommodates driver plus two passengers. The sleeper cab has space provision for the crew's kit with the cab roof being strengthened to bear the weight of two men and has provision for a roof hatch over the observers platform inside the cab. Every component on the vehicle was rigorously tested prior to the selection contest, including the axles which were specially developed by DAF. DAF truck has assumed many of the tasks undertaken by the previous Bedford M series 4-tonne vehicles. It can carry 20 troops or 3 standard NATO pallets, and may be encountered with a variety of special bodies.
