Condition From:	As new/Reconditioned

Unique opportunity to buy a fully reconditioned dieselised CVRT (Combat Vehicle Reconnaissance Tracked) Samaritan Tracked Battlefield Ambulance. This unit has been fully rebuilt to manufacturer's original specification and is as new. This is the upgraded version with Cummins diesel engine and uprated gearbox. The FV104 Samaritan is the ambulance version of the CVR(T), only 50 were produced for the British Army. In appearance it is similar to the Sultan Command and Control vehicle. It has a crew of two and capacity for three stretchers; being an ambulance it is not armed except for multi-barrelled smoke grenade dischargers. The chassis and suspension of the Samaritan are shared with all other members of the CVRT family. The aluminium hull on the Samaritan is enlarged to a box configuration to accommodate the crew and 3 stretcher cases or 8 walking wounded, plus 1 medic and the vehicle driver & commander. This vehicle runs and drives exceptionally well with new track, sprockets and road wheels. It features: Engine: Cummins BTA 5.9lt Turbo diesel engine Engine: power 195 hp David Brown TN15e Epicyclic Semi-Automatic Gearbox with Neutral turn capability. Mobility: Maximum road speed 72 km/h Range 750 km Manoeuvrability: Gradient 60% Side slope 35% Vertical step 0.5 m Trench 2 m Fording 1 m Dimensions and weight (Approx.) Weight 9.17 t Length 5.12 m Width 2.13 m Height 2.42 m Stock ref: W13528
